Samer Smati

SUMMARY

Versatile software developer with 6+ years of experience specializing in modern front-end and full-stack development. Proficient in TypeScript, React.js, Angular, and Next.js, with additional expertise in Node.js and Flask for back-end development. Skilled in building scalable, high-performance web applications, implementing responsive designs, and delivering seamless user experiences. Adept at collaborating with cross-functional teams, meeting tight deadlines, and driving innovation. Actively seeking opportunities to apply my technical expertise to impactful projects.

SKILLS

Languages: JavaScript, HTML, CSS, TypeScript, Python, UML, NoSQL, MongoDB.

Frameworks: Angular, ReactJs, NodeJs, Next.js, Flask, Express.

Databases: MySQL, MongoDB.

Tools: Postman, Slack, Discord, Git, Agile/Scrum.

PROFESSIONAL EXPERIENCE

04/2025 - Now

ELITE CONSEIL - Full-Stack Developer

Tunis, Tunisia

- Company: Education group managing multiple schools and campuses, providing digital platforms for students, trainers, prospects, and candidate applications.
- Designed and developed internal services to manage student records, trainer assignments, and application workflows across campuses.
- Built secure authentication flows and interactive dashboards to streamline academic and administrative processes.
- Collaborated with product owners during sprint planning and retrospectives, ensuring delivery of scalable and maintainable features aligned with business needs.

Angular19 / NodeJs / TypeScript / PrimeNg19 / SASS / SCSS / TailwindSCSS

10/2024 - 01/2025

Memorality - Full-Stack Developer

Tunis, Tunisia

- Company: AI-driven startup offering multiple digital solutions, including smart event management and personalized recommendations.
- Developed an event management platform using AI to analyze client and user profiles, comparing their data to deliver tailored event suggestions.
- Integrated OpenAI APIs to enhance recommendation accuracy and improve user engagement.
- Built scalable backend services and responsive interfaces to ensure smooth user experience under growing traffic.

Next.js / Flask / TypeScript / OpenAI API / MongoDB / TailwindCSS

05/2024 - 09/2024

Wantotrip - Full-Stack Developer

Tunis, Tunisia

- Company: Online travel agency offering curated group trips and personalized travel experiences.
- Redesigned and optimized the booking platform's UI/UX, ensuring a smoother navigation flow and enhancing client satisfaction during trip browsing and reservations.
- Collaborated with .NET backend developers to deliver fully integrated and responsive features across desktop and mobile.
- Improved overall user journey by implementing modern design practices and interactive components, boosting engagement and retention.

Angular / TypeScript / SASS / SCSS / MUI / .NET

07/2022 - 03/2024

ArabyAds - Full-Stack Developer

Tunis, Tunisia

- Company: AdTech platform facilitating ad campaigns for influencers and brands — connecting creators with companies to serve and manage advertisements.
- Built and maintained front-end dashboards and management tools in ReactJS, enabling clients & influencers to create, monitor, and optimize ad campaigns.
- Developed backend services using .NET and Node.js to handle campaign data, reporting, and performance analytics, improving system reliability and data integrity.
- Updated UI components and user flows to enhance usability and responsiveness, reducing load times and improving client satisfaction.

ReactJs / Node.js / .NET / JavaScript / SASS / SCSS

02/2022 – 07/2022 **GOMYCODE – Full Stack JS Instructor**

Tunis, Tunisia

- Company: EdTech platform providing digital skills training and full-stack development education across Tunisia, focused on preparing students for the tech industry.
- Delivered hands-on instruction in MERN stack (MongoDB, Express, React, Node.js) and guided students in building real-world applications.
- Mentored students on client-based projects, ensuring practical knowledge in front-end and back-end development.
- Developed course materials, coding exercises, and project briefs to enhance learning outcomes and student portfolios.
